Bayside Officials Drive

This season we would like to strengthen our club by encouraging parents to become a technical official. Technical officials are the key personnel you see dressed in white and navy who are integral to running swim meets for the club, district, state and nationally.

The steps to becoming an official are straightforward:

1. Let us know you are interested - georgev@bigpond.net.au

2. Complete the free online [General Principles Course](#).

Please Remember: You will need to register and create a login before you attempt the course (or if you have already registered previously and forgotten your password - you will need to retrieve your password).

3. On completing the online course email the officials@vic.swimming.org.au to advise SV so you can be added into the database.
4. On completing the online course we will provide further guidance and support but **it is a really easy process and gives you access to the best seats in the house on race day and makes our club even stronger and more self-sufficient!**
