Hi All

Following on from the QLD Regional Presidents and Development officers meetings in December I am just seeing if everyone has a had chance to see if the New Development Time Standards are suitable for their region.

I asked if everyone could look at the number of swimmers that the New Time Standards would capture, and see if it needed to be adjusted higher or lower. I would look at each of your Development squad's from last season, and look at how many would now make the New TS.

If the numbers fall too much or alternatively include too many we can make adjustments to the TS.

A couple of my regions have done this and we had to make some adjustments.

I have attached the New TS's for all the regions so you can see which may be more suitable.

Please let me know and I can redo the Sheets for you.

Kind regards

Drew McGregor | Coach & Club Development Officer
