

<p>11.0.6</p>	<p>Clubs are advised that CQ Management has previously resolved that technical officials using their own vehicle to traveling to meets are to be reimbursed at a rate of 25c per km. The distance is to be determined by using the RACQ trip planner to calculate the travel involved. However, it is expected that technical officials travelling to the same meet would share a vehicle [whenever possible] to minimize travel cost to the host club.</p> <p>Accommodation [if required] is also to be provided at club cost unless the official is travelling with family members staying with the official & competing in the meet.</p> <p>Whilst an official is involved in pool deck duties a meal should also be supplied.</p> <p>CQ management is of the opinion that Technical Officials should not be out of pocket when travelling distances, requiring a round trip greater than 90-kilometres so the club's meet will be acceptable to SQ, thereby enabling the times recorded by attending swimmers to be accepted as qualifying times for State & other meets.</p> <p>It is the host Club's responsibility to meet this cost. The CQ association will not assist.</p> <p>This advice will be emailed to all CQ Clubs and again prior to the commencement of the 2010-2011 swimming season.</p> <p>In addition, this requirement will be posted to the CQ website along with a list of accredited technical officials [who attract this travel re-imburement] along with their certified SQ qualifications. The SQ regulation for the qualified officials who must be in attendance for the meet to be sanctioned will also be shown.</p>
